

# Supporting Students in Recovery from Alcohol and Other Drug Addiction

## Purpose

The Collegiate Recovery Community enhances the lives of students in recovery from drug and alcohol addiction by creating a supportive peer community and building a network of recovery allies.

## Impact

In 2016-17, the CRC engaged with off campus partners working in the field of addiction and recovery treatment and support 91 times.

CRC staff has had 229 meetings with students in recovery in 2016-17.

CRC students and staff partner with 6 local treatment centers and visit as guest speakers each month.

## Ohio State Colleges/Units Involved

Office of Student Life  
Student Life Student Wellness Center  
Student Life Student Health Services  
Student Life University Housing & Residence Life  
College of Social work  
College of Pharmacy
